IMPORTANT NEWS

Dear Schoenstatt Family and Friends:

Yesterday, on the feast of Queenship of Mary, God graced us with the visit to the building site of the Brester Company owner. He brought the good news that they will begin the construction of the shrine. Isn't' this a wonderful sign from heaven? Today the Construction Company brought some equipment with the goal to start digging tomorrow August 24th, 2007. Please join us in praying at your home-shrine for good weather and safety for the workers. I will ask all those that would like to have something bury in the foundation to bring that as soon as possible now.

We, the sisters, will be responsible to get few things done ourselves: the pews, the floor, flower stands and other things. Mary Hardesty offers to do the interior painting. The area around the shrine will have to be beatified when the workers finish. The road is too expensive and we can not do at this time. We have changed the type of heating proposed by the Contractor for a less expensive one.

I want to thank all of you for the countless sacrifices you have offered and continue to offer to the Capital of Grace to build a firm and sacred foundation for our MTA's shrine. I also want to thank all that have contributed with donations towards the building of the Shrine. We, the sisters, keep you daily in our prayers and ask our dear God and Father to reward you abundantly. But we have still a long way to go so we still need lot of help. Our motto prevails: "Nothing without you dear Jesus, Mother Thrice Admirable. Nothing without us your small instruments." And "A child of Mary will never perish."

WE WILL HAVE THE CORNERSTONE LYING- SEPTEMBER 16, 2007 WITH HOLY MASS AT 10:00AM AND THE DEDICATION AND BLESSING OF THE COR MARIAE SCHOENSTATT SHRINE- NOVEMBER 17, 2007 HOLY MASS AT 1:00 PM. Both days our Bishop Fabian Bruskewitz will honor us with his presence. Please mark your calendar.
